NAUTITECH 441

# KAIPOA

13,47 m • 4 cabins • 8 passengers • 2 x 40 CV

The Nautitech 441 is a large, luxurious catamaran for those who expect the greatest comfort.

It is efficient and comfortable with a single semi-flybridge helm station which gives total visibility and complete maneuverability.

Sail Catamaran Rental

It has a central cockpit well designed for circulation and which opens onto the panoramic lounge and a fully equipped kitchen with a large foldable table around which ten people can dine comfortably.

Thanks to its shallow draft, it can sail much closer to the shore than with a classic monohull.

It is perfect for your cruise on the high seas and completely energy self-sufficient thanks to its 3 x 170 watts solar panels and watermaker.
